Bill,
Yes, October 15th will be fine. I forgot to include you in my last response.

I have it reserved for October 15. If that doesn't work we can go for a later date.

Bill, when you check with the library please note that I will be on travel all day Oct 14. The rest of the days for that week and the week of Oct 26 are still good.

Todd/Bill, I think we need to move the open house to October. September will be full of activity with the geophysics and the tribal surveys. Moving the meeting to October will also provide us with the opportunity to report out the results of the geophysics and the plan for the CPT work.

I was thinking that the week of Oct 12 of 26 would work best. Bill can you see what the library has available so we can talk about it?

thanks
